

POST-GRAD PLANS

Finding a path after high school

In current day America, college is getting more and more expensive. There is no need to go hundreds of thousands in debt when there could be better options available.

\$20,770

The amount of money needed per YEAR for public, in-state schools.

\$46,950 for nonprofit private schools, including ONLY tuition and room and board

APPRENTICESHIPS

Appliance repair, HVAC installation, plumbing, painter: All jobs where you can get paid while you learn about the job, leading you down a path where you can earn up to \$80k+

CERTIFICATIONS

Getting certain certifications will help teach certain knowledge and skills that can be used to get high-paying jobs. These include certifications in IT, construction inspection, web development, court reporting, and many more.

CODING BOOTCAMP

Through codingdojo.com take 12 week online courses to get trained in languages that can make you employable in this new era of career options

PRACTICAL JOBS

Bartending, butchers, landscaping, construction, all jobs you can get after high school to make money

KEEP YOUR OPTIONS OPEN

The time after high school last a lot longer than just 4 years, keep an open mind and positive attitude and don't be afraid to take advantage of any opportunities that come your way and don't be afraid to take risks.
